Cegid

“Cegid, enterprise solutions you can call your own”

Using technologies that function seamlessly, delivering relevant information wherever you go, at Cegid, we put the needs of our customers at the core of our strategy, offering industry-specific solutions devoted to the development of your company.

What do you want from your software partner in order to succeed in your job?

Beyond performance or rich functionality, you are looking for a software provider that:

- understands your industry needs,
- has a local presence,
- is committed,
- provides a long-term, personalized service.

To do all this, you want a partner that can not only respond to your day-to-day needs but also one that can accompany you and advise you as you grow.

You

- Chief executive
- Entrepreneur
- CFO
- Tax manager
- Human Resources director
- Industry manager
- Retailer
- Hotel owner
- Restaurant owner
- CPA
- Company director in the wholesale or services industry
- Elected official or civil servant

Yourcegid
Software for Business

Every day, your company must rise to new challenges, so your IT system must adapt to the needs of your enterprise and not the reverse. **This is what Cegid’s commitment is all about.**

Customized solutions for every business professional

At Cegid, we place great importance on **our role as a specialist in enterprise solutions in targeted areas of expertise**, offering companies the best tools for a comprehensive, real-time view of their business activity. **Cegid solutions can be used in the traditional license form or in SaaS* mode.**

Us

Customer satisfaction is our priority

Because each company is unique, and its needs specific to its own business and environment, **Cegid has created Yourcegid****, the integrated enterprise solution that puts your challenges at the core of its design.

To help companies fully exploit Yourcegid solutions, Cegid has released **Cegid Pass, a new, comprehensive set of services** adapted to the demands and constraints of each business.

Deployment, training, maintenance, support and assistance. For all our contacts with our customers, Cegid teams coordinate their expertise so as to support all our customers in their day-to-day work and every step of the way as their business grows.

* Software as a Service - **Yourcegid is the brand name for Cegid solutions.
